In a highly competitive industry we stay at the forefront of technology.

Our Services

▶ Filming

From easily setting up a small and nimble crew to scaling up to large multi-camera live streams, where we draw support from our trusted and talented network of freelance crew in the UK and abroad, we always strive to deliver highly bespoke video services to all our clients.

▶ Live streaming

Live streaming expresses your brand's voice in a unique way and drastically increases your customer loyalty. It allows you to create compelling content and promote it to your audience rapidly.

▶ Editing

Our footage can be delivered raw, or fully edited according to a brief, but we also provide a standalone editing service based on how many hours of footage you bring.

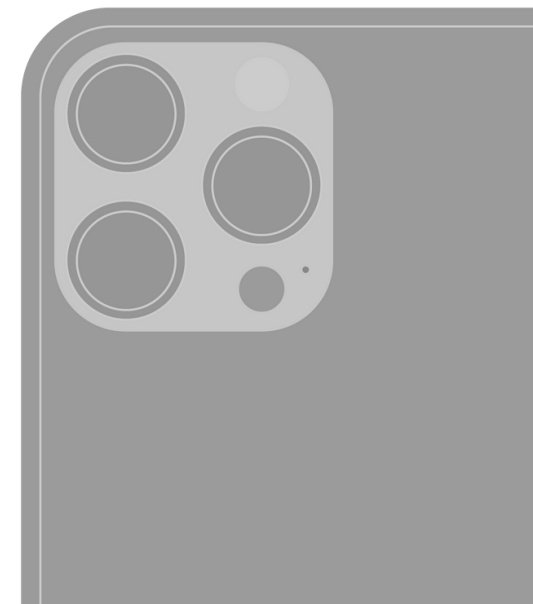

▶ Studio Hire

Whether you're going for intimate, one-to-one executive conversations, or you prefer group chats, in a comfortable and inviting atmosphere with a sofa setup our studio manager will be at hand in our SW18 studio

▶ Training

Our filmmaking and video production training workshops and courses will take you through all the work that goes into producing a great and engaging video. We offer bespoke filmmaking training in-house, at our studio or at a location convenient to you

Our Approach

1 Brief

Understand the scope of our client's project to provide a no-surprises quote and project plan.

2 Comms

With our established team our clients benefit from our experience, different perspectives and collaboration throughout the project.

3 Filming

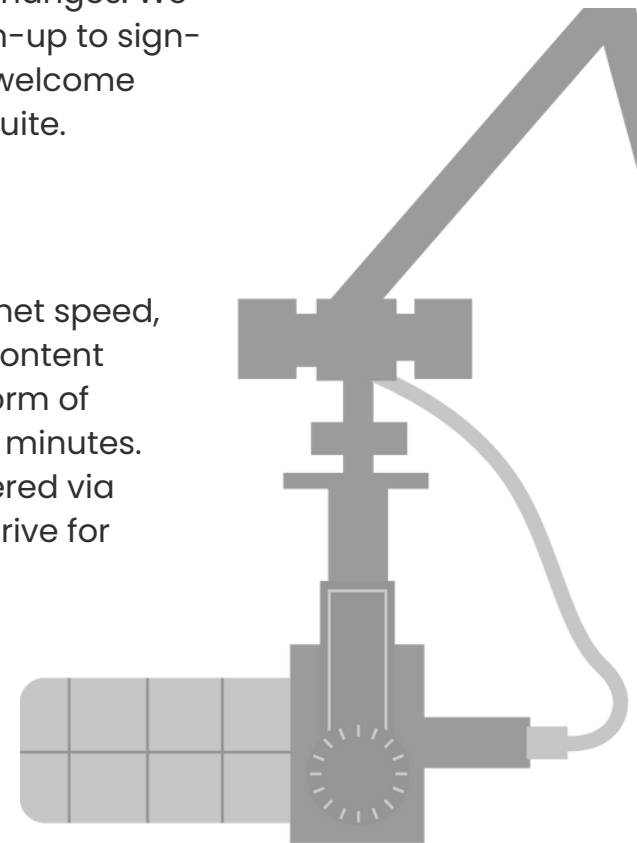

We shoot using Blackmagic cameras and supply sound and lighting as a standard, plus extras such as gimbals, steady, LiveStream capabilities and lots more. Our studio is fully equipped for any filming needs

4 Editing

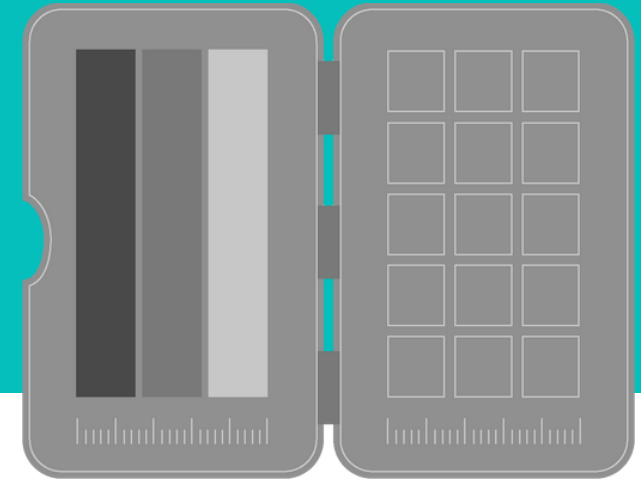

We allow multiple days to include time for review and changes. We deliver links in the run-up to sign-off, or you're always welcome to join us in the edit suite.

5 Delivery

With super-fast internet speed, we can upload any content directly to your platform of choice in a matter of minutes. All projects are delivered via WeTransfer or hard drive for our clients' archive.

Noticeable increase in reach and engagement with professionally produced video and audio

Bank of content generating website traffic and passive income

Professionally produced audio and video aligned with the client's content strategy

what they said

Karina & Victor and the team made us feel really at ease and “welcomed in the studio, really helping the conversation flow

They're all very experienced, asking the right questions to ensure our vision will align with the outcome.

Having visited monthly for a year, I can vouch for their reliability, speed of delivery and professionalism.

Not to mention countless compliments over the quality of the footage
